

**Thapar Constructions** is a full service design / build firm, which serves the commercial and residential construction market. We are a company created to deliver high-end quality workmanship to small, medium and large-sized projects.

**We specialize** in the construction, interior and architectural design, renovation and restoration of commercial & residences. Our team is passionate about delivering the highest levels of craftsmanship to every project.

**Our commitment** to quality is evident by our strict requirements of bringing only experienced and skillful craftsmen and specialty trade partners to every project. We are experts at steering the project paperwork through the complex requirements of Building Permits & the Landmarks Administration.

**Our connections** and established relationships within the industry provide our clients with the peace of mind that we will deliver the completion of their project with the highest quality of finish, while making the process as smooth and enjoyable for them as possible. Client satisfaction is our top priority, and our satisfied clients is a testament to our personal and detailed approach.
